HCCN Pre-Conference Workshop Agenda*

**Tentative & Subject to Change*

The Louisiana Health Center Controlled Network (HCCN) is a HRSA-funded initiative of 31 FQHCs across Louisiana focused on quality improvement in healthcare through the adoption of health information technology. These health centers have joined together to exchange information and establish collaborative mechanisms to meet administrative, IT, and clinical quality objectives.

Join us as we explore topics related to Louisiana's Health Center Controlled Network (HCCN).

Tuesday, October 10, 2017 | Sycamore A
