

Uniform Data System Training

November 12, 2021 | Post Conference Session

Training Description

Every year, in partnership with the Bureau of Primary Health Care (BPHC) and JSI/AHP, LPCA provides a Uniform Data System training to assist health center grantees and look-alikes report on their performance using the measures defined in the Uniform Data System (UDS).

Because of the ongoing pandemic, we are offering the UDS Annual State-Based Training virtually. Attendees will gain an understanding of reporting the UDS, learn about the new requirements including in the 2021 reporting, learn tips for success including strategies for submission, and receive valuable resources that provide further reporting guidance.
