

Psychiatrist

The Psychiatrist will evaluate, diagnosis and treat patients presenting with mental, behavioral, addictive or emotional disorders, e.g., psychoses, depression, anxiety disorders, substance abuse disorders, developmental disabilities, sexual dysfunctions, and adjustment disorders.

Assess, stabilize, and determine disposition of patients with emergent conditions regarding emergency and consultative services. Collaborate with other health care providers, social workers, and other professionals to discuss treatment plans and patient progress.

Why CrescentCare?

Our mission is to offer comprehensive health and wellness services to the community, to advocate empowerment, to safeguard the rights and dignity of individuals, and to provide for an enlightened public.
