

CUTTING ENERGERY BILLS & GROWING GREEN JOBS

A Community Plan for Renewable Energy

Saturday, September 7, 2019

2:00 pm – 3:30 pm

Broadmoor Community Church

2021 S. Dupre Street

Five things you'll get --

1. A look at a community plan for New Orleans to go 100% renewable energy by the year 2040 that cuts Energer bills and grows green jobs
2. Info on renewable energy opportunities for local DBEs and entrepreneurs
3. Examples of how states and cities are cutting electric utility bills with renewable energy portfolio standards
4. A review of the proposals made to the City Council for a renewable energy portfolio standard
5. Practice with designing a renewable energy portfolio standard that meets local needs
