178.1 tests conducted per 1,000 residents

14.1% of tests were positive

COVID-19 Mobile County, Alabama

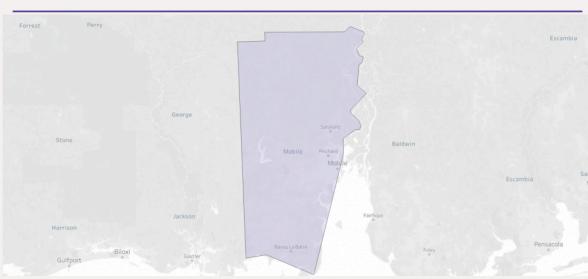

UNINSURED

<18 YEARS OLD

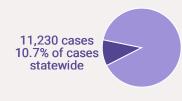

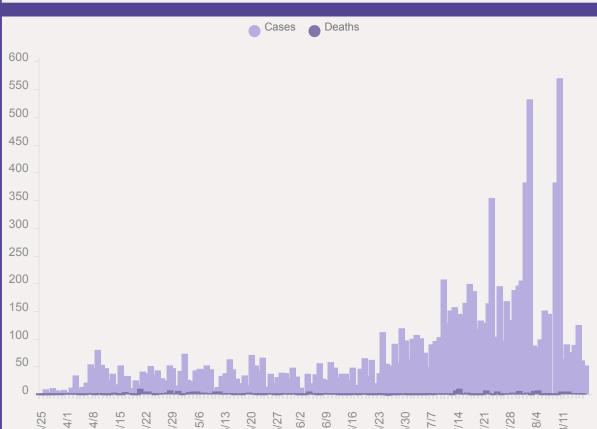

≥ 65 YEARS OLD

Mobile County ranks # 2 in deaths and #2 in cases statewide

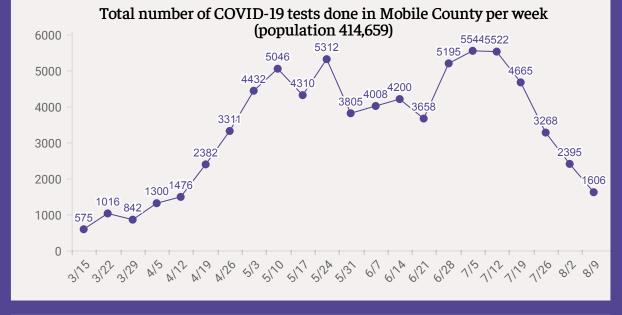

Daily case and death increases are sourced from the AL Political Reporter, which tracks daily updates to the ADPH's public-facing dashboard. These are calculated by subtracting the cumulative total of confirmed cases/deaths on the dashboard at 11:59 p.m. from the previous day's cumulative total. ADPH data is provisional and subject to change, which may lead to inconsistencies in daily increases across different data sources. This data is preserved as it was publicly recorded.

6/2 6/9

COVID-19 risk is not equal for all people in Mobile County

Mobile County is

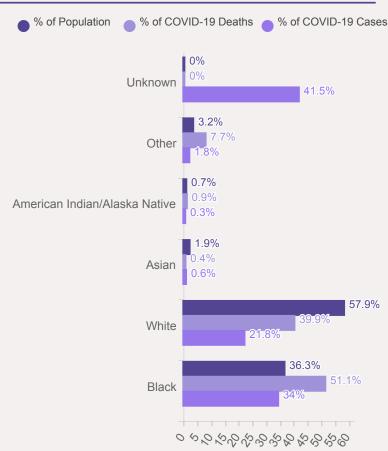

A Black person in

2.5 TIMES

more likely to test positive for COVID-19 than a White person and

2 TIMES

more likely to die from COVID-19 than a White person

*Categories used by Mobile County Health Department

Mobile County is home to

industrial facilities that release

million pounds of toxic pollution each year

Exposure to air pollution is linked to increased risk of death from COVID-19
