191.6 tests conducted per 1,000 residents

13.8% of tests were positive

COVID-19 Mobile County, Alabama

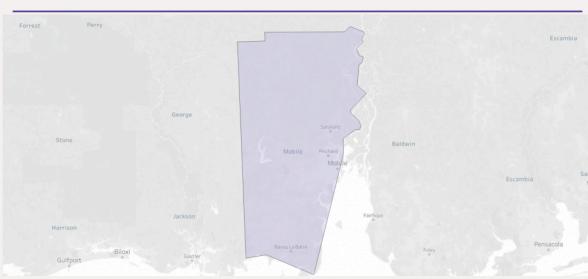

12% UNINSURED

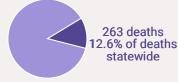

23.7% <18 YEARS OLD

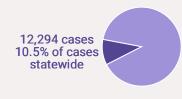

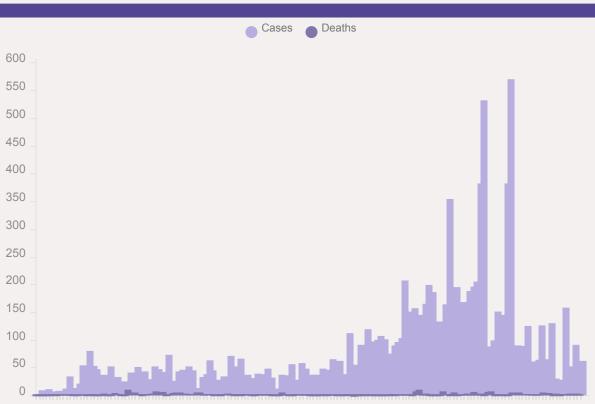

15.3% ≥ 65 YEARS OLD

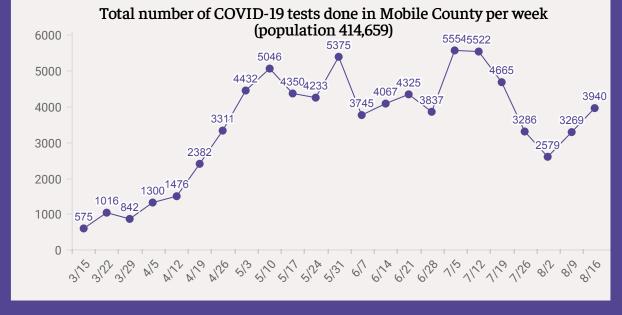

Mobile County ranks # 2 in deaths and #2 in cases statewide

Daily case and death increases are sourced from the AL Political Reporter, which tracks daily updates to the ADPH's public-facing dashboard. These are calculated by subtracting the cumulative total of confirmed cases/deaths on the dashboard at 11:59 p.m. from the previous day's cumulative total. ADPH data is provisional and subject to change, which may lead to inconsistencies in daily increases across different data sources. This data is preserved as it was publicly recorded.

people in Mobile County

COVID-19 risk is not equal for all

Mobile County is

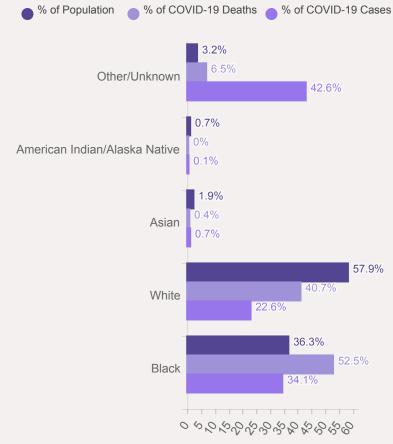

A Black person in

2.4 TIMES

more likely to test positive for COVID-19 than a White person and
