Previous Month Test Positivity in Mobile County

Daily case, death, and test increases are sourced from the AL Political Reporter, which tracks daily updates to the ADPH's public-facing dashboard. These are calculated by subtracting the cumulative total of confirmed cases/deaths on the dashboard at 11:59 p.m. from the previous day's cumulative total. ADPH data is provisional and subject to change, which may lead to inconsistencies in daily increases across different data sources. This data is preserved as it was publicly recorded.
