EBR Congregation Assessment: Who is Doing What?

*THANK YOU for your leadership in
our community. Much good is
being done by people of faith.*

Congregations of East Baton Rouge Parish

We need your help!

In times of disaster, emergency, and daily need, the people of our community depend on the leadership and compassion of our clergy and faith communities.

We want to identify those who have heard the cry of our neighbor and are responding. Please tell us what your congregation is doing. Help us to create a plan to respond to our neighbor in need.

It is important to know:

- Who is doing what?
- Where gaps exist?
- What training would be helpful?

This assessment is coordinated by the Interfaith Federation of Greater Baton Rouge in conjunction with the office of the Mayor-President. This information will not be made public, but will be used to coordinate and collaborate the efforts of our local faith communities.
