Harmony disrupted by hatred

African-American churches destroyed by arson

Worshippers killed at synagogues and mosques

In these times, we turn to music for hope and comfort.

In these times, we turn to words to name that which cannot be named.

Be part of the creation of lyrics for a song yet to be sung—a song in tribute to people of faith under attack.

For we know, music is a powerful catalyst for peace. Music can make connections with those who feel disconnected.

Here's an opportunity for YOU to get connected with others who have a passion for peace.
