

HOUSES of WORSHIP:

COVID-19 Best Practices

Webinar

Tuesday, May 5, 2020

10 – 11 AM

We are in a new, unprecedented era. COVID-19 is forcing each faith community to prepare its own unique house of worship for uncharted territory. What are best practices for houses of worship? Consideration will be given to the gathering within our house of worship, but also the sending, as acts of kindness are extended to those in need. How do we move forward keeping each other and ourselves safe?

This webinar includes:

GATHERING:

- What are best practices as we gather to worship, sing in choirs, eat together, provide education, lead children's activities, and interact in other events?
- What policies should we adopt if/when we rent out our facilities to other groups?

SENDING:

- What are the best practices for our volunteers as we respond to those in need, feed the hungry, serve others, and share acts of kindness?
- What does it mean to love our neighbor during COVID-19?
