

LCMC Health is committed to helping patients understand and prepare for the cost of their care. LCMC Health provides a list of charges for services provided at our facilities; however, a patient's out-of-pocket responsibility for these charges will vary, depending on their insurance coverage and benefit plan. We understand that it is confusing for a patient to navigate through the many factors involved in their final cost. Please contact our Financial Assistance staff at 504.702.3500 with any questions about a future service or a bill you have received.
