## X. Antares Update:

**eClerksLA**: Laura Thomas reported that 64 parishes have land records, 61 parishes have marriage records and 57 have civil records. There are 12 parishes live with the eRecording module with 2 in process. She reviewed the two change orders that were approved at the last meeting including a portal name search and historical index book search.

**Recording Software:** The following enhancement change order was approved at the last meeting and is in process for Marriage Updates, Generating Certified Copies and Search updates with Cross References. Laura also introduced a completed enhanced property builder search for Livingston Parish with features for township/range, subdivision, village/town and condo. Livingston Parish will be the first to go live with the search builder but it will be available to all recording software users. There are 13 parishes live with the Recording software and 2 parishes in process.

Laura also displayed a graphic of a new banner used at various events to promote eClerksLA and the Recording Software.

#### XI. i3/Software & Services

**E-Filing** – Scott Carrington provided an update on the stand alone eFiling with 9 parishes live. He reviewed the number of filings from the 9 parishes with 83 total Criminal e-filings in July and 2,093 Civil e-filings. He noted the statistics numbers provided do not include rejected filings or government filings. Those filings represent about 6-7% of the total filings. Debbie Hudnall asked if those numbers could be provided.

Case Management & Document Management System- Scott provided an update on the CMS system. The goal is to have 3 parishes in process with Civil and Criminal. He also provided an update on the parishes with signed agreements and their current phase in the implementation process. Ascension, St. Tammany, Iberia and Calcasieu are in the data securing phase. There was an issue with multiple databases in St. Tammany. Three potential parishes going live in October 2022. They will be bringing in additional resources and parish resources during this implementation. Debbie commented on the importance of the criminal data and the upload of elements to the Supreme Court.

**Jury Software** - Scott explained that the jury software will be installed at the same time the criminal side of the system is installed. There was discussion on the frequency of when the names are received from the Secretary of State.

Scott also commented on the credit card processing conversion and the processing rate.

## XII. Report of Administrative Staff

Remittance Recaps: Debbie presented the report of remittances by parishes and the potential number of future filings decreasing. Previous year average was \$167,000. July 2022's collection was \$174,729. Debbie informed the Board that a previous remittance holiday was given and with the collections being steady, she recommended that the Board consider giving a remittance holiday. The parishes would keep the August 2022 remittance that would typically be received in September. This would help all the Clerks including the larger parishes which don't typically apply for grants. Parishes would still need to submit the report for analysis purposes. A motion was made by Melissa Henry to approve the premium holiday for the report month of August. The motion was seconded by Mark Graffeo. MOTION CARRIED.

**Legislative Update:** Debbie reported on two committees that have been established to determine if there are too many judges. The Judicial Structure Committee received two proposals from national court center and JMI. The data collection from the Clerks and possible timesheets for Judges could require software programming changes to the Clerks systems. Debbie also commented on Act 318 regarding converting a paper copy into an electronic copy. There was discussion on the original conveyance record required to be maintained by this legislation.

### XIII. Grant Committee Report

**Previous Quarter Grant Updates:** Chris Kershaw reported there were 11 open grants and 7 more awarded at the previous meeting for a total amount of \$685,071. He explained that status updates are difficult to get. He did not that several have been completed and paid including a grant to St. Martin and an issue with payment on previously started projects. There was discussion on the eFiling grants.

**2022 – 2<sup>nd</sup> Quarter Grant Applications:** Mark Graffeo reported that two grant applications had been received for consideration this quarter, St. Martin and East Carroll. The grant committee recommends awarding 2<sup>nd</sup> quarter grants as listed below:

East Carroll	\$23,320	Scan and Index Marriage Records
--------------	----------	---------------------------------

St. Martin withdrew their grant after being notified that the most recent grant they received payment on had been paid in error as the project included in the application had already been started prior to the grant being awarded.

A motion was made by Mark Graffeo to approve the grant applications as recommended by the committee. The motion was seconded by Melissa Henry. **MOTION CARRIED.**

XIV. Attorney

**Trademark Update:** The trademark is still pending with nothing new to report.

**Recording Software Contract:** Attorney Sheri Morris reported the draft agreement letters for St. Tammany and Rapides have been prepared and in review with the Association office. Once approved, the letters will be sent to the parishes for their review and approval. It will be necessary to revisit the contract with Antares to include Livingston as the substitute parish, as the terms were approved at the last meeting.

- XV. Other Business: None.
- **XVI.** Announcements: The next meeting scheduled for Tuesday, November 8<sup>th</sup> but due to General Election Day the meeting has been rescheduled for Wednesday, November 16<sup>th</sup> at 12:30 pm.
- **XVII.** Adjournment: A motion was made by Mark Graffeo to adjourn. The motion was seconded by Jill Sessions. **MOTION CARRIED**.

**Respectfully Submitted:** 

Approved:

Melissa Henry, Secretary

Rick Arceneaux, Chairman
