

Y CLUB BEFORE & AFTER SCHOOL

ALBUQUERQUE SCHOOL OF EXCELLENCE

Y Club offers extended day learning to fill your child's out of school time with creative and constructive opportunities. Through our program, your child will participate in individual and group activities that extend the school days learning experience.

Y Club provides youth with a safe place to go after the bell. More importantly, it helps youth realize who they are and what they can achieve. The balanced program supports academic achievement, fosters health and wellness, and instills positive social-emotional skills through literacy/reading, STEAM, family engagement, nutrition education, service learning, arts, homework assistance, social skills and character development.

Quality after school programs make a difference. According to the After School Alliance, after participating in after school programs:

- 65% of students improve their homework completion and class participation
- Nearly 60% of students improve behavior in class
- 1 in 2 students improve math and reading grades
