

Students moving from 7th grade math to Algebra in 2021 - 2022 school year

- You need 200 total minutes. (3 hours and 20 minutes)
 - We recommend doing even MORE since you will be moving from grade level math to advanced math.
 - Each one you work on must be completed to 80%.
 - You do not have to complete them all.
-
- 7th going to Algebra in 8th grade: **You should complete as many IXLs in the 8th grade as possible.** The following topics will be extra helpful to concentrate on this summer.

★ B: Integers

★ C: Operations with Integers

★ E: Operations with Rational Numbers

★ I: Proportional Relationships

★ R: Pythagorean Theorem

★ U: Number Sequences

★ V: Expressions and Properties

★ W: One-Variable Equations

★ X: One-Variable Inequalities

★ Z: Functions

★ BB: Monomials and Polynomials
