

Students moving from 6th grade math to Pre-Algebra in 2021 - 2022 school year

- You need 200 total minutes. (3 hours and 20 minutes)
 - We recommend doing even MORE since you will be moving from grade level math to advanced math.
 - Each one you work on must be completed to 80%.
 - You do not have to complete them all.
-
- 6th going to Pre-Algebra in 7th grade: **You should complete as many IXLs in the 7th grade as possible.** The following topics will be extra helpful to concentrate on this summer.

- ★ B: Integers
- ★ C: Operations with Integers
- ★ F: Fractions and Mixed Numbers
- ★ G: Operations with Fractions
- ★ I: Exponents and Square Roots
- ★ J: Ratios, Rates, and Percents
- ★ K: Proportional Relationships
- ★ L: Percents
- ★ P: Coordinate Plane
- ★ R: Expressions and Properties
- ★ S: One-Variable Equations
- ★ T: One-Variable Inequalities
- ★ U: Two-Variable Equations
- ★ W: Two-Dimensional Figures
- ★ Z: Three-Dimensional Figures
- ★ AA: Geometric Measurement
