

Students moving from 5th grade math to 7th grade math in 2021 - 2022 school year

- You need 200 total minutes. (3 hours and 20 minutes)
 - We recommend doing even MORE since you will be moving from grade level math to advanced math.
 - Each one you work on must be completed to 80%.
 - You do not have to complete them all.
-
- 5th going to 7th grade math in 6th grade: **You should complete as many IXLs in the 6th grade as possible.** The following topics will be extra helpful to concentrate on this summer.

- ★ I: Fractions and Mixed Numbers
- ★ J: Add and Subtract Fractions
- ★ K: Multiply Fractions
- ★ O: Mixed Operations
- ★ R: Ratios and Rates
- ★ S: Percents
- ★ U: Money
- ★ X: Coordinate Plane
- ★ Y: Expressions and Properties
- ★ CC: Two Dimensional Figures
- ★ EE: Three Dimensional Figures
- ★ FF: Geometric Measurement
