

5.13.24

Dear Parents,

In order to solidify understanding of key concepts and get ready for third grade, children will complete the **IXL Summer Boost** program while they are out of school for the summer. This plan includes 20 days of skills with 1 skill per day. Students will need to complete each skill with an 80% or higher smart score. This must be completed by the first day of school, Aug. 7, 2024. **Upon returning to school in August, this will count as a 15 point quiz grade in Math.**

You will find the list of skills on the back of this page, along with a link that will take you to the skill plan.

God bless,

Ms. Boudreaux

IXL Summer Boost Rising Third Grade Skills:

<https://www.ixl.com/math/skill-plans/ixl-summer-boost-grade-3>
