Date: 09/03/18
Registration #: N6328E

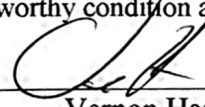

Model: A185F
Tach: 1891.1

Serial Number: 18504025
TT: 1891.1

Performed annual inspection in accordance with FAR 43, appendix "D". Reinstalled wings previously removed for transport. Installed repaired horizontal stabilizer and repaired elevators (see serviceable tags from Williams Airmotive for details). Reinstalled existing vertical stabilizer and rudder. Rigged all flight control systems. Replaced ventilation hoses and fuel connection hoses in wing root areas. Installed overhauled engine model IO-520-D, S/N 572566 (see engine log for details of overhaul), and serviced with Phillips XC20W50 oil. Installed repaired engine mount P/N 0751007-16, S/N 174788, repaired by Aerospace Welding Minneapolis under work order #174788. Installed new engine isolator mounts P/N J-15198-1 and P/N J-6545-1. Replaced all engine fluid carrying hoses with new Teflon fire sleeved hoses. Installed new engine induction filter P/N BA8103-1. Removed propeller Model D3A34C403 and installed new McCauley propeller model D3A34C401/90DFA-4, S/N 180148 in accordance with P-Ponk STC # SA00413WI. Revised aircraft empty weight and balance. Removed existing EDO 696-3500 floats and installed another set of serviceable 696-3500 floats. Transferred all rigging from old floats to replacement floats. Installed new drag brace bushings in main gear of floats. Installed new stainless steel slide tubes P/N 696-0620-1 for nose gears. Installed new water rudder up/down bumpers. Installed new inner tube in right nose tire. Installed new ELT battery P/N BP-1020 with replacement date of Aug 2020. ELT tested good. Installed new G-242S main battery. Flushed entire fuel system, Installed serviceable strainer. Installed new Weldon FAA PMA electric fuel pump P/N 18000-B, S/N 201690. Installed reduced size vented fuel cap conversion kit SK182-86C. Installed serviceable left fuel quantity transmitter P/N C668002-0403 and serviceable right transmitter P/N C668002-0404. Complied with AD76-7-12 by functional check of ignition switch, no defects noted, due each **12 months**. Complied with AD2011-10-09 by inspection of seat rails and rollers, found satisfactory, next due **12 months/100 hours**. All ground operational and leak checks good.

I certify this aircraft has been inspected in accordance with an Annual Inspection and was determined to be in airworthy condition at this time.
