FAITH IN GOD

What is faith? Faith is having confidence in God, trusting God, relying on God; it's not seeing, but believing. As Believers, we must have faith in God, who is the creator of the universe. The biblical definition of faith is found in *Hebrews 11:1*.

Background: When Moses died, Joshua led Israel to Jericho; a land God promised. To reach the city, their faith was tested. They had to cross the Jordan River at flood stage which could have caused them to drown. They decided to step out on faith in God.
