### TRUE WORSHIP

When we worship, we fix our eyes on God. Whenever we worship as a church family, we are reminded that our great **God Is In Full Control**. Even when things look **Out Of Control** in our world and in our lives.

True worship teaches us to submit and surrender all our cares to God; our priorities, plans, hopes, dreams and fears. Worship and prayer are not a guarantee that our problems and situations will change immediately. However, worship and prayer will definitely help to change and direct our hearts and perspectives in our lives toward God. True worship gives comfort for our present and hope for our future.
