WAITING ON GOD
FOR HIS PURPOSE

Waiting is difficult because we live in a world that wants everything immediately. We want answers now, solutions now, blessings now, and direction now; however, God does not always work according to our schedule. Sometimes God says yes, no, or to wait. Seniors have experience with waiting because of what they have experienced over time.

Waiting does not mean God has forgotten us. It means God is working even when we cannot see what He is doing. God's timing is always connected to His purpose.

It is All About Him

Colossians 1:16-17

All things were created by God and exist for Him; this world, and all that it contains both seen and unseen fulfills His purpose. That is why it is so important to operate in His will. Anything outside of God's plan will not last; it only brings temporary satisfaction. If what we do is not connected to His plan and purpose, it will not work and it will not last.
