CanCare envisions a world where no one faces cancer alone. We provide hope and healing to the cancer community by ensuring anyone facing cancer can have a survivor by their side.

Our 500+ trained volunteers walk alongside those facing cancer as they navigate treatment and the life changes that come with a cancer diagnosis.

Founded by Anne Shaw Turnage, a survivor of colon cancer, CanCare has grown into a network of trained volunteers including survivors, caregivers of survivors and medical professionals who provide emotional support and cancer-related resources. Survivors of more than 50 different types of cancer are the heartbeat of the organization, providing hope, friendship and hospital visitations for those facing cancer.

Wherever you are in your cancer journey, CanCare is committed to connecting you with a voice of hope.
