#### Who is the National Leader Fellowship for?

Participants in the National Leader Fellowship are special education coordinators, response to intervention coordinators (RTI), and aspiring leaders.

#### Why join the National Leadership?

The National Leader Fellowship is an intensive twoyear program consisting of specialized training, coaching, professional learning communities, peer reviews and visits to exemplary special education programs. Our program is designed to improve the technical and leadership skills of leaders, addressing teacher attrition and increasing student achievement.

#### Who facilitates the training?

Every training is facilitated by our experienced programming team. Each of the programmatic staff members were successful teachers, coordinators, school leaders, and/or district staff members.

#### How many leaders are in each cohort? What's the facilitator to participant ratio?

Cohorts of leaders are between 10-15 leaders. We limit the number of leaders who may participate to allow leaders to have a cohort experience.

#### How are training sessions delivered?

The Summer Experience, school reviews, National School Visits are delivered in person. Training sessions and professional learning communities will be conducted over Zoom.

#### Will participants receive access to the materials?

Yes! Participants will receive relevant materials prior to each session. Leaders will also receive relevant and useful resources through our monthly newsletter.

#### Who can pay for a leader fellowship?

Leader Fellowships are designed to be paid for by schools, districts, charter management organizations, or groups that support education.

#### May I register for a cohort on my own?

National leader fellows must have a principal endorsement in order to apply and be accepted. National district leaders require a reference with knowledge of their body for work.

#### When do you offer this cohort?

Cohorts are 1 year experiences beginning in June.

#### How much do cohorts cost?

The cohort experience costs \$10,000 per year. This includes travel, hotel accommodations, and food for Summer Experience and National School Visits.
