### Director's Message to Staff and Cadre

I am thrilled about the upcoming cycle and feel privileged to serve as the Director. As we look ahead, our administrative team, staff and cadre are currently diligently working on the preparations for the upcoming cycle. Our primary objective is to refocus our efforts and provide an exceptional educational experience for our new cadets, while also addressing their social, emotional, and educational needs. It is our aim to foster unity and promote collaborative teamwork, always keeping the best interest of our cadets in mind.

Furthermore, I would also like to express my personal gratitude to Elko County School District Superintendent Clayton Anderson and the Board of Trustees for their dedicated efforts and unwavering support in assisting our team to ensure the academic success of all our students and cadets.

Kind regards,

*Dr. Andre' L. Ponder*
