DIRECTOR'S MESSAGE

CADET SPOTLIGHT

1ST PLATOON - CADET AKI

Hello, my name is Alika Aki and I am currently 17 years old. I am from a small town called Logandale, NV and I attend Moapa Valley High School. I decided to join BBYCA because I wanted to learn ways to bring more structure to my life. My plan after completing the program is to join the military and train to become a sniper. What I like most about the academy are the staff members who act as mentors and teach us valuable life skills.

3RD PLATOON - CADET ETHEREDGE

Hello, my name is Ehteredge and I am currently 17 years old. I live in Winnemucca, NV and I went to Lowry High School. I was credit deficient and making very little progress in my life and I needed to make a change. I think I enjoy most at BBYCA is the ability for me to obtain the credits I need in school.

“CADETS IN ACTION”

As our cadets prepare for their PRAP visit, we want to take a moment to express our gratitude for your continued support and commitment to this program. We understand that the time spent with family is precious, and we encourage you to make the most of it. While enjoying this well-deserved break, we also want to remind our cadets of the importance of remaining focused on their goals and the core components of their training. The relationships established within the program are invaluable, and they provide a strong foundation for growth and success. Take this time to recharge and reconnect with loved ones, but always keep your aspirations in mind. Your dedication and hard work have brought you this far, and with continued determination, you can achieve great things. Wishing you all a wonderful PRAP visit filled with love, laughter, and a renewed sense of purpose.
