

JANUARY

Director's Corner

Happy New Year! Everyone at the ELC hopes you all had a wonderful Christmas break. As we begin the new year, many people celebrate traditions on New Year's Day such as eating cabbage, pork, and black-eyed peas for luck, health, and prosperity. We look at the new year as a time of rebirth or renewal. Maybe we're going to finally get in the gym, take that trip, or clean out that closet or room we keep putting off...Whatever it is, we start the new year with high hopes and positivity. The new year is also a time to reflect on our faith as well. Take some time to read the newsletter addition from Sarah Millet on how we can celebrate this new year as Catholics.
