SPECIAL TAX NOTICE REGARDING PLAN PAYMENTS

This notice contains important information you will need before you decide how to receive your benefits. This notice summarizes only the federal (not state or local) tax rules that might apply to your payment. The rules described below are complex and contain many conditions and exceptions that are not included in this notice. Therefore, you may want to consult with your professional tax advisor **before** you take a payment of your benefits from the plan. Also, you can find more specific information on the tax treatment of payments from qualified retirement plans in IRS Publication 575, "Pension and Annuity Income," and IRS Publication 590, "Individual Retirement Arrangements." These publications are available from your local IRS office or by calling (800) TAX-FORMS.

A payment from the Plan that is eligible for "rollover" may be taken in one or two ways:

1. PAID IN A "Direct Rollover" or
2. PAID TO YOU.

A Rollover is a payment of your plan benefits to your individual retirement account (IRA) or to another qualified employer plan. This choice will affect the tax you owe.

If you choose a **DIRECT ROLLOVER**:

- Your payment will not be taxed in the current year and no income tax will be withheld.
- Your payment will be made directly to your IRA or, if you choose, to another employer plan that accepts your rollover.
- Your payment will be taxed later when you take it out of the IRA or the employer plan.

If you choose to have your plan benefits **PAID TO YOU**:

- You will receive only eighty (80%) percent of the payment because the plan administrator is required to withhold twenty (20%) percent of the payment and send it to the IRS as income tax withholding to be credited against your taxes.
- Your payment will be taxed in the current year unless you roll it over. You may be able to use special tax rules that could reduce the tax you owe. However, if you receive the payment before age 59½, you also may have to pay an additional ten (10%) percent tax.
- You can rollover the payment to your IRA or to another employer plan that accepts your rollover within sixty (60) days of receiving the payment. The amount rolled over will not be taxed until you take it out of the IRA or employer plan.
- If you want to rollover one hundred (100%) percent of the payment to an IRA or an employer plan, you must find other money to replace the twenty (20%) percent that was withheld. If you rollover only eighty (80%) percent that you receive, you will be taxed on the twenty (20%) percent that was withheld and that is not rolled over.

1. PAYMENTS THAT CAN AND CANNOT BE ROLLED OVER

Payments from the plan may be “eligible rollover distributions.” This means that they can be rolled over to an IRA or to another employer plan that accepts rollovers. The plan administrator should be able to tell you what portion of your payment is an “eligible rollover distribution.” The following types of payment **cannot** be rolled over:

Non-Taxable Payments

In general, only the “taxable portion” of your payment is an eligible rollover distribution. If you have made “after-tax” employee contributions to the plan (contributions before January 1, 2000), these contributions will be non-taxable when they are paid to you, and they cannot be rolled over. (After-tax employee contributions generally are contributions you made from your own pay that were already tax.)

Payments Spread Over Long Periods

You cannot rollover a payment if it is part of a series of equal (or almost equal) payments that are made at least once a year and that will last for:

- Your lifetime (or your life expectancy);
- Your lifetime and your beneficiary’s lifetime (or life expectancies); or
- A period of ten (10) years or more.

Required Minimum Payments

Beginning in the year you reach age seventy and one-half (70½), a certain portion of your payment cannot be rolled over because it is a “required minimum payment” that must be paid to you.

2. DIRECT ROLLOVER

You can choose a direct rollover of all or any portion of your payment that is an “eligible rollover distribution,” (described above). In a direct rollover, the eligible rollover distribution is paid directly from the plan to an IRA or another employer plan that accepts rollovers. If you choose a direct rollover, you are not taxed on a payment until you later take it out of the IRA or the employer plan.

Direct Rollover to an IRA

You can open an IRA to receive the direct rollover. (The term “IRA”, as used in this notice, includes individual retirement accounts and individual retirement annuities.) If you choose to have your payment made directly to an IRA, contact an IRA sponsor (usually a financial institution) to find out how to have your payment made in a direct rollover to an IRA at that institution. If you are unsure of how to invest your money, you can temporarily establish an IRA to receive the payment. However, in choosing an IRA, you may wish to consider whether the IRA you choose will allow you to move all or a part of your payments to another IRA at a later date, without penalties or other limitations. See IRS Publication 590, “Individual Retirement Arrangements,” for more information on IRA’s.

Direct Rollover to a Plan

If you are employed by a new employer that has a plan, and you want to make a direct rollover to that plan, ask the administrator of that plan whether it will accept your rollover. If your new employer’s plan does not accept a rollover, you can choose a direct rollover to an IRA.

3. PAYMENT PAID TO YOU

If you have the payment made to you, it is subject automatically to a twenty (20% percent income tax withholding. The payment is taxed in the year you receive it unless, within sixty (60) days, you roll it over to an IRA or another plan that accepts rollovers. If you do not roll it over, special tax rules may apply.

Mandatory Withholding

If any portion of the payment to you is an eligible rollover distribution, the Plan is required by law to withhold twenty (20%) percent of that amount. This amount is sent to the IRS as income tax withholding.

For Example: If your eligible rollover distribution is \$10,000 only \$8,000 will be paid to you because the plan must withhold \$2,000 as income tax. However, when you prepare your income tax return for the year, you will report the full \$10,000 as a payment from the plan. You will report the \$2,000 as tax withheld, and it will be credited against any income tax you owe for the year.

Sixty-Day (60) Rollover Option

If you have an eligible rollover distribution paid to you, you can still decide to roll over all or part of it to an IRA or another employer plan that accepts rollovers. If you decide to roll over, you must make this rollover within sixty (60) days after you receive the payment. The portion of your payment that is rolled over will not be taxed until you take it out of the IRA or the employer plan.

You can roll over up to one hundred (100%) percent of the eligible rollover distribution, including an amount equal to the twenty (20%) percent that was withheld. If you choose to roll over one hundred (100%) percent, you must find other money within sixty (60%) days to contribute to the IRA (or the employer plan) to replace the twenty (20%) percent that was withheld. On the other hand, if you roll over only the eighty (80%) percent that you received, you will be taxed on the twenty (20%) percent that was withheld.

For Example: Your eligible rollover distribution is \$10,000, and you choose to have it paid to you. You will receive \$8,000 and \$2,000 will be sent to the IRS as income tax withholding. Within sixty (60) days after receiving the \$8,000, you may roll over the entire \$10,000 to an IRA or employer plan. To do this, you roll over the \$8,000 you received from the plan, and you will have to find \$2,000 for other sources (your savings, a loan, etc.). In this case, the entire \$10,000 is not taxed until you take it out of the IRA or employer plan. If you roll over the entire \$10,000, when you file your income tax return, you may get a refund of the \$2,000 withheld. If, on the other hand, you roll over only \$8,000, the \$2,000 you did not roll over is taxed in the year it was withheld. When you file your income tax return you may get a refund of part of the \$2,000 withheld.

Additional Ten (10%) Percent Tax If You Are Under Age 59 ½

If you receive a payment before you reach age 59 ½ and you do not roll it over, then, in addition to the regular income tax, you may have to pay an extra tax equal to ten (10%) percent of the taxable portion of the payment. The additional ten (10%) percent tax does not apply to your payment if it is:

1. paid to you because you separate from service with your employer during or after the year you reach age 55,
2. paid because you retired due to disability,
3. paid to you as equal (or almost equal payment over your life or life expectancy (or you and your beneficiary's lives or life expectancies), or
4. used to pay certain medical expenses. (See IRS Form 5329 for more information on the additional ten (10%) percent tax.)

4. DIRECT ROLLOVER BY QDRO, SURVIVING SPOUSE, NON SPOUSE BENEFICIARY

A distribution to the plan participant's beneficiary generally isn't treated as an eligible rollover distribution. However, see Qualified domestic relations order (QDRO), Rollover by surviving spouse, and Rollovers by non-spouse beneficiary.

Rollover of nontaxable amounts

You may be able to roll over the nontaxable portion of a distribution (such as your after-tax contributions) made to another qualified plan that is a qualified member plan or a 403(b) plan or to a traditional or Roth IRA. The transfer must be made either through a direct rollover to a qualified plan or (403)b plan that separately accounts for the taxable and nontaxable portions of the rollover or through a rollover to a traditional or Roth IRA

Qualified domestic relations order (QDRO)

You may be able to roll over tax free all or a portion of a distribution to a qualified retirement plan that you receive under a QDRO. If you receive the distribution as a member's spouse or former spouse (not as a nonspousal beneficiary), the rollover rules apply to you as if you were the member.

Rollover by surviving spouse

You may be able to roll over tax free all or a portion of a distribution to a qualified retirement plan you receive as the surviving spouse of a deceased member. The rollover rules apply to you as if you were the member. You can roll over the distribution into a qualified retirement plan or a traditional or Roth IRA.

Rollovers by nonspouse beneficiary

If you are a designated beneficiary (other than a surviving spouse) of a deceased member, you may be able to rollover tax free all or a portion of a distribution you receive from this plan. The distribution must be a direct trustee-to-trustee transfer to your traditional or Roth IRA that was set up to receive the distribution. The transfer will be treated as an eligible rollover distribution and the receiving plan will be treated as an inherited IRA.

ADVISORY SERVICES AGREEMENT

This Agreement describes the terms and conditions applicable to the investment advice and management services (each a "Service" and collectively the "Services") offered by Empower Advisory Group, LLC ("EAG") and described below. EAG is a registered investment adviser and wholly owned subsidiary of Empower Life & Annuity Insurance Company of America ("EAIC"), which provides financial services and products under the brand name "Empower". EAG offers the Services to accounts (each an "Account" and collectively the "Accounts") held by investors participating in employer-sponsored retirement plans (each a "Plan") recordkept through Empower. By using the Services, you consent to be bound by these terms and conditions.

DESCRIPTION OF SERVICES

EAG offers the following two Services to your Account: Online Advice and the Managed Account service. You may receive all or some of the Services as determined by the Plan's sponsor. If you have multiple Accounts held with Empower, you must select which of the Services you will use for each Account.

Online Advice: Online Advice offers fund-specific investment advice to users who wish to manage their own Account but receive assistance in doing so. The investments recommended by Online Advice are based on information drawn from your Account profile and from the investment options available within your Account. You decide whether to implement the advice delivered through Online Advice.

- EAG does not provide advice for, or recommend allocations of, individual stocks (including employer stock, unless your employer instructs EAG otherwise), self-directed brokerage accounts, guaranteed certificate funds, or employer-directed monies, or any other investment options that do not satisfy the methodology requirements of the subadviser who provides investment methodology to EAG.
- EAG is not responsible for any delays or limitations impacting Online Advice that are attributable to restrictions imposed by a third-party investment provider of an investment option within your Account.

Managed Account service: The Managed Account service offers users an investment management service under which investment professionals will select and allocate your Account among the available investment options. You will receive a personalized investment portfolio that reflects your retirement timeframe, life stages and overall financial picture, including, but not limited to, assets held outside your Account (if you elect to provide this information), which may be taken into consideration when determining the allocation of assets in your Account. Changes that you make to your profile, such as outside assets, your intended retirement age or constraining your portfolio to a specific risk level, will generally apply to all your accounts held through Empower. Such changes may cause each managed account, whether managed by an affiliate of Empower or an unaffiliated third-party advisor, to be rebalanced and re-allocated. For taxable accounts, rebalancing or re-allocation transactions will typically have tax implications, as a result we'll send you tax forms for any capital gains and losses associated with the rebalancing activity. Generally, EAG will not provide advice for, recommend allocations of, or manage your outside accounts.

- Under the Managed Account service, EAG has discretionary authority over allocating your assets among the Plan's investment options without your prior approval of each transaction. EAG is not responsible for either the selection or maintenance of the investment options available within your Plan. Further, EAG is not responsible for any delays or limitations impacting the Managed Account service attributable to restrictions imposed by a third-party investment provider of an investment option within your Account.
- EAG does not provide advice for, or recommend allocations of, individual stocks (including employer stock, unless your employer instructs EAG otherwise), self-directed brokerage accounts, guaranteed certificate funds, or employer-directed monies, or any other investment options that do not satisfy the methodology requirements of the subadviser who provides investment methodology to EAG. Your balances in any of these investment options or vehicles may be liquidated, subject to your Plan's and/or investment provider's restrictions.

IN-PLAN TOS 101022

- Account assets subject to the Managed Account service will be monitored, rebalanced and reallocated periodically by EAG, according to the methodology of EAG's subadvisor. You will receive an Account update statement periodically and can update your personal information at any time by calling EAG or by visiting the Plan website.

INFORMATION ABOUT PARTICIPATION IN THE SERVICES

Information Gathered to Provide the Services. You or your employer must provide all data that is necessary for EAG to perform its duties under this Agreement, including but not limited to: your date of birth, income, gender, and state of residence, which EAG may rely upon in providing the services to you. If the data supplied by you or your Plan sponsor, if applicable, does not meet the Managed Account service methodology requirements, we will attempt to contact you for updated information. If this is not completed, your enrollment in the Managed Account service may not be completed or may be terminated. Information that you provide in addition to the recordkeeping data sources, such as linking accounts manually, through account aggregation or linking multiple record-kept Employer plans through OneID/One Password in the Empower Personalized Experience, may all be used by the Services to help personalize your recommendations and projections. Please ensure manually entered assets are not already being included by the Services automatically as this may impact the recommendations and projections. If you participate in My Total Retirement, you will receive a Welcome Kit shortly after enrollment. You will also receive an account update statement periodically, providing you with a detailed analysis of your Account. Your account update statement will also confirm your personal data which is used to provide you with personalized investment management.

You are responsible for reviewing your account statements, transaction confirmations, and advisory services communications carefully for discrepancies or errors. Call your Plan's toll-free customer service number to notify EAG of any incorrect information including, but not limited to, current or future investment allocations, desired retirement age, investment risk level, and outside investment holdings.

You must notify EAG of any errors or discrepancies immediately. EAG is not responsible for corrections related to incorrect data provided by you or your Plan sponsor and is also not responsible for the correction of errors not reported in a timely manner.

Fees Applicable to the Services. Appendix A to this Agreement describes the fees applicable to the Services. You authorize EAG to deduct the billing period fee described in Appendix A. The fees are subject to change. EAG reserves the right to offer discounted fees or other promotional pricing.

Investment Methodology. EAG generates investment recommendations under Online Advice and My Total Retirement using an investment methodology generated by its independent subadvisor (currently, Morningstar Investment Management LLC, herein "Morningstar"). EAG may change its subadvisor at any time. Using its proprietary methodology, Morningstar determines an appropriate asset level portfolio that best suits each user's situation using the investment options available for the Services. Your Account is monitored and rebalanced periodically among the available investment options. EAG will also provide various recommendations and projections for your Account using methodology developed by EAG or its affiliates including, but not limited to, savings rate advice and retirement income projections. The projections or other information generated by this process regarding the likelihood of various investment outcomes are hypothetical in nature, do not reflect actual investment results and are not guarantees of future results. Results may vary with each use and over time.

Additional Fees May Apply. Fees for the Services do not include the fees and expenses charged by the investment options to which your Account will be allocated. For more information about the fees assessed by investment options in your Account, including information about the options' expense ratios and share class, please review your Plan's investment option disclosure documents. Some Plan investment options may also charge redemption fees, which vary in amount and application by each applicable investment option. It is possible that transactions performed through the Services may result in the imposition of a redemption fee on one or more available investment options. Any such redemption fees are deducted from your account balance.

IN-PLAN TOS 101022

Conflicts of Interest. EAG has several conflicts of interest in providing services to your Account.

- Investment advice and management services. EAG's representatives may recommend that you use the Services for your Account. If you enroll in the Managed Account service, EAG will earn additional compensation, since you will pay fees to use the Service as described in Appendix A.
- Increased fee income. When you use the Services, EAG may recommend you increase contributions to the Plan, or implement other savings or investment strategies. EAG's affiliates provide a bundle of recordkeeping, trust, custody, brokerage, investment and other related services to your Plan and to related IRA products. If you pay for these services through an arrangement where our affiliates charge a direct fee, EAG's affiliates may receive additional fees for these services as a result of EAG's recommendations, because you may contribute, invest, or transact in more assets with EAG's family of companies.
- Proprietary investment funds. EAG's affiliates offer proprietary investment funds, and EAG may recommend or allocate your Account to our affiliates' proprietary investment funds, such as proprietary mutual funds and collective investment trusts. These investment funds generate additional income to EAG's family of companies. For our proprietary investment funds, fees compensate our affiliates for administering, managing, and supervising these funds.
- Proprietary insurance products. EAG's parent company, EAIC, offers proprietary insurance products for investment. EAG may recommend or allocate your Account to different types of EAIC insurance products and funding agreements. Most EAIC insurance products are annuity contracts that are structured either as a "general account" product or as a "separate account" product. If you invest in a general account product, which is an insurance product backed by the general account of an insurance company, EAG's affiliates generate revenue by retaining spread, which is the difference between actual earnings on contracts offered by the insurer, and the crediting rate declared and guaranteed by the insurer through the contract. EAG's affiliates may also receive different types of fee income if you invest in the general account or separate account products, as well as other third-party payments associated with investments held in the separate account.
- Third-Party Payments. EAG's affiliates receive payments from other firms, non-proprietary investment funds or products, or providers, such as revenue sharing payments, in connection with the investments made in your Account pursuant to our recommendation or investment management. For example, a mutual fund available through your Plan may make 12b-1 payments to EAG's affiliated broker-dealer based on your Account investment.
- Representative Compensation. EAG's representatives are generally paid a salary and a variable bonus. The bonus is based on a combination of the performance of Empower, as well as the representative's individual performance. Additionally, EAG has authorized Empower Financial Services, Inc. ("EFSI") and its licensed agents and registered representatives, to solicit, refer and market the Services to Plan sponsors and potential users. EFSI representatives may be compensated in part based on these solicitation activities, in accordance with applicable law.

For additional information about the Services, the methodology used to produce investment and other recommendations, compensation for EAG representatives or EAG's conflicts of interest, please see EAG's Form ADV and information available at www.empower.com.

Cancellation. Once enrolled in the Managed Account service, you will no longer be able to make investment allocation changes to your Account. You may cancel participation in the Managed Account service at any time online or by calling EAG. Once you have opted-out of the Managed Account service, you are responsible for managing your own Account. You will need to initiate your own allocation changes and/or transfers if you wish to change your investment allocations made by the Managed Account service.

Proxy Voting. EAG does not assume the responsibility to provide assistance or vote proxies or other issuer communications regarding your Account, or to exercise voting or other decision-making authority regarding proxies or other issuer communications. Correspondence regarding the matters described in this section will be handled in connection with the Plan's policies and service provider arrangements.

EAG uses reasonable care, consistent with industry practice, in providing services to you. EAG, your Plan sponsor and/or the Plan recordkeeper, as applicable, do not guarantee the future performance of your Account or that the investments we recommend will be profitable. EAG, the Plan sponsor and/or the Plan recordkeeper, as applicable, will not be liable to you for any loss caused by (1) our prudent, good faith decisions or actions, (2) following your instructions, or (3) any person other than EAG or its affiliates who provides services for your Account. Neither EAG nor your Plan sponsor will be liable to you for any losses resulting from your disclosure of your personal information or your password to third parties even if the purpose of your disclosure is to enable such person to enroll you in or cancel your enrollment in the Services.

You agree to indemnify, defend and hold harmless EAG and its officers, directors, shareholders, parents, subsidiaries, affiliates, employees, consultants, agents and licensors, your employer, the Plan administrator and/or recordkeeper, Plan sponsor, Plan trustees, Plan fiduciaries, their agents, employees, and contractors, as applicable, from and against any and all third party claims, liability, damages and/or costs (including but not limited to reasonable attorneys' fees) arising from your failure to comply with this Agreement, the information you provide us, your infringement of any intellectual property or other right of a third party, or from your violation of applicable law. YOU UNDERSTAND THAT IN NO EVENT WILL THE PLAN SPONSOR, EAG OR ITS OFFICERS, DIRECTORS, SHAREHOLDERS, PARENTS, SUBSIDIARIES, AFFILIATES, EMPLOYEES, CONSULTANTS, AGENTS, LICENSORS OR ANY DATA PROVIDER BE LIABLE FOR ANY CONSEQUENTIAL, PUNITIVE, INCIDENTAL, SPECIAL OR INDIRECT DAMAGES, LOSS OF BUSINESS REVENUE OR LOST PROFITS, WHETHER IN AN ACTION UNDER CONTRACT, NEGLIGENCE OR ANY OTHER THEORY EVEN IF WE ARE ADVISED OF THE POSSIBILITY OF SUCH.

TO THE MAXIMUM EXTENT PERMITTED BY LAW, EAG DISCLAIMS ALL REPRESENTATIONS AND WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THE SERVICES, AND ALL INFORMATION DERIVED FROM THEM, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, QUALITY, TIMELINESS, ACCURACY, AND IMPLIED WARRANTIES ARISING FROM COURSE OF PERFORMANCE OR COURSE OF DEALING. IN ADDITION, EAG DOES NOT WARRANT THAT THE SERVICES OR CONTENT CONTAINED IN IT WILL BE UNINTERRUPTED, ERROR FREE, FULLY AVAILABLE AT ALL TIMES OR THAT ANY INFORMATION OR OTHER MATERIAL ACCESSIBLE THROUGH THE SERVICES ARE FREE OF ERRORS OR OTHER HARMFUL CONTENT.

COMMUNICATIONS

EAG or its affiliates may provide any communications to you at your mailing address, or your e-mail address provided to us by you. You agree to not make any claims against EAG or its affiliates if you do not receive any communications sent to you. You agree to notify EAG promptly if your mailing address and/or e-mail address changes and to keep all account information, such as your mailing address and/or e-mail address, current and accurate. The website Terms of Service apply to your use of the customer website. You agree to receive electronic communications, including regulatory documents such as EAG's Form ADV Part II, privacy notice and Form CRS, through the Empower website or other electronic media. EAG will not impose any additional charge to you for such electronic communication. You may opt-out of electronic communications by calling your Plan's toll-free customer service number.

Note: Not all of the Covered Funds may be available in your Retirement Plan. Information about available Covered Funds is available online at www.louisianadcp.com, by contacting your Plan Sponsor, or by calling 866-696-8232. The Covered Funds are not issued by Empower. Empower Funds, Inc. and Empower Trust Company, LLC are the issuers of the Covered Funds and are affiliates of Empower.

What is the GLWB?

The GLWB is a payment of guaranteed income for the life of a designated person (the “Covered Person”) based on your investment in one or more of the Covered Funds, provided specified conditions are met, regardless of how long the Covered Person lives or the actual performance or value of the Covered Funds. Specifically, if the value of the shares/units in the Covered Fund (“Covered Fund Value”) equals zero as a result of Covered Fund performance, certain fees, and/or Guaranteed Annual Withdrawal(s) (“GAW”), we will make annual payments to the Covered Person for the rest of the Covered Person’s life. The GLWB has no cash value and no surrender value.

The amount of the GAW may increase from time to time based on the Covered Fund Value. The amount of the GAW may decrease if you take an Excess Withdrawal either by: (i) taking any withdrawal during the Accumulation Phase; or (ii) taking a withdrawal during the GAW Phase that is greater than the GAW. These Excess Withdrawals will reduce your Covered Fund Value on a dollar-for-dollar basis and will adjust your Benefit Base by the ratio of the new Covered Fund Value (after the Excess Withdrawal) to the previous Covered Fund Value (after the GAW). For examples of these calculations, please refer to the Disclosure Statement.

The guaranteed income that may be provided by the GLWB is based on the age and life of the Covered Person (or if there are joint Covered Persons, on the age of the younger joint Covered Person and the lives of both Covered Persons) as of the date we calculate the first Installment. The Covered Person is either you or you and your spouse. Your spouse must be the 100% primary beneficiary under the Retirement Plan in order to be a joint Covered Person.

This does not constitute an offering in any jurisdiction in which such offering may not be lawfully made.

How does the GLWB work?

The GLWB has three phases: an "Accumulation Phase," a "GAW Phase," and a "Settlement Phase."

- **The Accumulation Phase:** During the Accumulation Phase, you may direct additional Contract Contributions to the Covered Fund(s), which establish the Benefit Base (this is the sum of all Contract Contributions minus any withdrawals and any adjustments made on the "Ratchet Date"), and take Distributions from your Account just as you otherwise would be permitted to (although Excess Withdrawals will proportionally reduce the amount of the Benefit Base). You are responsible for managing withdrawals during the Accumulation Phase. During the Accumulation Phase, the Benefit Base will be automatically adjusted annually on the Ratchet Date to the greater of: (a) the current Benefit Base; or (b) the current Covered Fund Value. During the Accumulation Phase, your Ratchet Date is the date of the anniversary that you elected the GLWB.
- **The GAW Phase:** After you (or if there are joint Covered Persons, the younger joint Covered Person) have turned age 55, then you can elect to begin to take GAWs and start the GAW Phase without reducing the Benefit Base. GAWs are withdrawals from your account value allocated to the Covered Fund(s) that do not exceed a specified annual amount. GAWs before age 59 ½ may result in certain tax penalties. During the GAW Phase, the Benefit Base will be automatically adjusted annually on the Ratchet Date to the greater of: (a) the current Benefit Base; or (b) the current Covered Fund Value. However, your GAW Percentage (GAW%) will not change unless you request a reset of the GAW%. You may not direct additional Contract Contributions to the Covered Fund(s) during the GAW Phase. During the GAW Phase, your Ratchet Date is the date you elected to begin receiving GAWs. If you are not fully vested in the Covered Funds, please see the Disclosure Statement for information on how vesting may affect GAWs.
- **Settlement Phase:** If the Covered Fund Value falls to zero as a result of Covered Fund performance, certain fees, and/or GAWs, the Settlement Phase will begin. During the Settlement Phase, we continue to make Installments to you for as long as you live. However, the Settlement Phase may never occur, depending on how long the Covered Person(s) lives and how well the Covered Fund performs. The Settlement Phase is the first time that we use our own money to make Installments to you. If the Covered Fund Value is less than the amount of the final Installment in GAW Phase, the initial payment in Settlement Phase may take up to seven days from the Installment Date.

The Installments that you receive when you are in the GAW Phase or Settlement Phase are determined by multiplying the vested Benefit Base by the GAW%, which is determined by the age of the Covered Person as of the date we calculate the first Installment. The GAW is based on a percentage of the Benefit Base pursuant to the following schedule:

<u>Sole Covered Person</u>	<u>Joint Covered Person</u>
4.0% for life at ages 55-64	3.5% for youngest joint life at ages 55-64
5.0% for life at ages 65-69	4.5% for youngest joint life at ages 65-69
6.0% for life at ages 70-79	5.5% for youngest joint life at ages 70-79
7.0% for life at ages 80+	6.5% for youngest joint life at ages 80+

The amount of the Installment equals the GAW divided by the number of payments per year under the elected Installment Frequency Option, which may be annual, semi-annual, quarterly, or monthly. As described in more detail in the Disclosure Statement, the amount of the Installments may increase on an annual basis during the GAW Phase due to positive Covered Fund performance and will decrease as a result of any Excess Withdrawals. If the Contract is terminated, all Installments will cease.

For more information and examples of how the GLWB works, please refer to the Disclosure Statement.

What protection does the GLWB provide?

By electing the GLWB as a source or potential source of lifetime retirement income or other long-term purposes, you receive two basic protections. Provided that certain conditions are met, you will be protected from:

- longevity risk, which is the risk that you will outlive the assets invested in the Covered Fund; and
- income volatility risk, which is the risk of downward fluctuations in your retirement income due to changes in market performance.

Both of these risks increase as a result of poor market performance early in retirement. Point-in-time risk, the risk of retiring on the eve of a down market, significantly contributes to both longevity and income volatility risk.

The GLWB does not guarantee that the Covered Fund will retain a certain value or that the value of the Covered Fund will remain steady or grow over time. Therefore, it is important to understand that while the preservation of capital may be one of your goals, the GLWB does not guarantee the achievement of that goal.

How much does the GLWB cost?

While the Contract is in force, we will calculate and deduct a Guarantee Benefit Fee from the Covered Fund Value on a monthly basis. It will be paid by redeeming the number of shares/units of the Covered Fund equal to the Guarantee Benefit Fee. The Guarantee Benefit Fee is calculated as a specified percentage of the Covered Fund Value at the time the Guarantee Benefit Fee is calculated. We reserve the right to change the frequency of the deduction, but will notify the Contract Owner (the Plan Sponsor or trustee) in writing at least thirty (30) days prior to the change. Because the Benefit Base may not exceed \$5,000,000, we will not charge the Guarantee Benefit Fee on an amount of the Covered Fund Value that exceeds \$5,000,000.

The Guarantee Benefit Fee compensates us for the costs and risks we assume for providing the GLWB (including marketing, administration, and profit). If we do not receive the Guarantee Benefit Fee (except during the Settlement Phase), including as a result of the failure of your Plan trustee or custodian to submit it to us, the Contract will terminate as of the date that the fee is due. We will not provide you with notice prior to termination of the Contract and we will not refund the Guarantee Benefit Fee upon termination of the Contract.

The guaranteed maximum, guaranteed minimum, and current Guarantee Benefit Fee we can charge for the GLWB is shown below.

- The maximum Guarantee Benefit Fee, as a percentage of the Covered Fund Value, on an annual basis, is 1.5%.
- The minimum Guarantee Benefit Fee, as a percentage of the Covered Fund Value, on an annual basis, is 0.70%.
- The current Guarantee Benefit Fee, as a percentage of the Covered Fund Value, on an annual basis, is 0.90%.

This does not constitute an offering in any jurisdiction in which such offering may not be lawfully made.

We may change the current Guarantee Benefit Fee at any time within the minimum and maximum range described above upon thirty (30) days prior written notice to you.

The Guarantee Benefit Fee is in addition to any charges that are imposed in connection with advisory, custodial and other services, and charges imposed by the Covered Funds. Because the Covered Funds are offered by our affiliated companies, we may benefit indirectly from the charges imposed by the Covered Funds. Premium taxes may be applicable in certain states. Premium tax applicability and rates vary by state and may change. We reserve the right to deduct any such tax from premium when received.

How do you elect the GLWB?

You are required to elect the GLWB in connection with your allocation of some or all of your Account with the Covered Fund(s). However, the actual date of election of the GLWB will depend on which Covered Fund shares you choose. For the Empower SecureFoundation® Lifetime Funds and the Empower SecureFoundation® Lifetime Trusts, you will not be deemed to have actually elected the GLWB until the first business day of the year that is ten years prior to the date in the name of the fund and do not pay the Guaranteed Benefit Fee until the election is made. There is no minimum initial investment. You may allocate any amount to any Covered Fund. However, your Benefit Base is limited to \$5,000,000. The GLWB may only be elected by Plan Participants in Retirement Plans that offer the Covered Funds.

Can you cancel the GLWB?

You may cancel the GLWB by causing the Covered Fund Value or the Benefit Base of each Covered Fund to be reduced to zero prior to the Settlement Phase due to one or more Excess Withdrawals or by failing to pay the Guarantee Benefit Fee. We will not return any portion of the Guarantee Benefit Fee that has been collected.

What are the principal risks of the GLWB?

There are a number of risks associated with the GLWB as described below:

- If the Plan Sponsor selects a new record keeper, you may lose the GLWB.
- The Plan Sponsor may elect to cancel the Contract at any time or remove the Covered Funds from the Retirement Plan's investment options. If the Plan Sponsor takes either of these actions, you will lose the GLWB.
- Your Plan may not offer all necessary features for you to benefit from the GLWB. If your Plan does not offer all of the features or removes any features necessary for you to receive the benefit of the GLWB, you may not fully benefit from the GLWB and may not be able to begin GAWs.
- You may die before receiving payments from us or may not live long enough to receive enough income to exceed the amount of the Guarantee Benefit Fees paid.
- The Covered Funds may perform well enough so that you may not need the GLWB.
- You may need to make Excess Withdrawals, which have the potential to substantially reduce or even terminate the benefits provided by the GLWB. We are not required to warn you of Excess Withdrawals or other actions with adverse consequences.
- You may choose to cancel the GLWB prior to a severe market downturn.
- You might not begin making GAWs at the most financially beneficial time.
- If you move to another Retirement Plan record keeper or to an IRA that does not offer the GLWB, you may never receive any benefits.
- The deduction of the Guarantee Benefit Fee each month, while not affecting the performance of the Covered Funds, will negatively affect the growth of the Covered Fund Value.
- If the Covered Fund that you invest in becomes ineligible for the GLWB, you must Transfer the Covered Fund Value to another Covered Fund in order to keep the Contract in force. In the event that all Covered Funds become ineligible at our direction or are liquidated by the fund company, we will designate a new fund as a Covered Fund. The new Covered Fund may have higher fees and charges and different investment objectives/strategies than the ineligible Covered Fund.
- The Plan Sponsor may terminate the Contract upon 75 days written notice to Empower. If the Plan Sponsor terminates the Contract, then all benefits, rights, and privileges provided by the Contract, including without limitation, the GLWB, shall terminate.
- We may terminate the Contract upon 75 days (up to 90 days for certain plans that have at least \$250 million in plan assets) written notice to the Plan Sponsor. If we terminate the Contract, such termination will not adversely affect your rights, except that we will not permit additional Contract Contributions to the Covered Fund(s). However, we will accept reinvested dividends and capital gains.
- Any payments we are required to make under the GLWB will depend on our long-term ability to make such payments. The Covered Funds do not make payments under the GLWB.
- The Contract is not registered with the Securities and Exchange Commission or any state securities administrator.

In no instance will the Guarantee Benefit Fee be refunded.

What is an example of the GLWB?

A note about the example:

- All Contract Contributions are assumed to be at the end of the year and occur immediately before the next Ratchet Date.
- All withdrawals are assumed to be at the beginning of the year and occur on the Ratchet Date.
- You are assumed to be fully vested.
- All positive investment performance of the Covered Fund is assumed to be net of investment management fees.
- In the example, you have access to the Covered Fund Value until it is depleted:
 - If you die before the Covered Fund Value is depleted, the remaining Covered Fund Value would be available to your Beneficiary.
 - If you need to take a withdrawal in excess of the GAW, you may take up to the Covered Fund Value, which will be considered an Excess Withdrawal.

Assume you elect the GLWB at age 55 and start taking GAWs in annual Installments at age 65. Also, assume that the Covered Fund Value (net of investment management fees) increases by 5% in years 1 through 7, decreases by 10% in years 8 through 11, and increases by 5% thereafter.

This does not constitute an offering in any jurisdiction in which such offering may not be lawfully made.

Details:

- Sole Covered Person
- Initial Covered Fund Value: \$500,000
- GAW Percent: 5%
- Guarantee Benefit Fee: 0.90%
- Changes in Covered Fund Value (net of investment management fees):
 - Years 1 through 7: 5%, Years 8 through 11: -10%, Years 12+: 5%

Result:

- Positive Covered Fund performance through year 7 results in a Covered Fund Value of \$662,407 on the Ratchet Date.
- The Benefit Base Ratchets to \$662,407.
- Covered Fund Value at the beginning of year 10 is \$468,552, but GAWs are based on the Benefit Base, which is \$662,407.
 - GAWs are $\$662,407 \times 5\% = \$33,120$.
- You annually withdraw \$33,120 from the Covered Fund until about age 81 when the Covered Fund is depleted:
 - At age 81, the Covered Fund Value is \$13,326.
 - The GAW results in the withdrawal of the \$13,326 which depletes the Covered Fund and you are now in Settlement Phase. We provide the remaining \$19,794 necessary to make the Installment \$33,120.
- We continue to pay Installments of \$33,120 each year for your life.

Is the GLWB right for you?

The GLWB may be right for you if you believe that you may outlive your retirement investments or are concerned about market risk. If you believe that your retirement investments will be sufficient to provide for your retirement expenses regardless of market performance or your lifespan, then the GLWB may not be right for you.

The GLWB does not protect the actual value of your investments in your Retirement Plan or guarantee the Covered Fund Value. For example, if you invest \$500,000 in a Covered Fund, and your Covered Fund Value has dropped to \$400,000 on the Initial Installment Date, we are not required to add \$100,000 to your Covered Fund Value. Instead, the GLWB guarantees that when you reach the Initial Installment Date, you may begin GAWs based upon a Benefit Base of \$500,000, rather than \$400,000 (so long as specified conditions are met).

The GAWs are made from your own investment. We start using our money to make Installments to you only if your Covered Fund Value is reduced to zero due to Covered Fund performance, the Guarantee Benefit Fee, certain other fees that are not directly associated with the GLWB, and/or GAWs. We limit our risk under the GLWB in this regard by limiting the amount you may withdraw each year to your GAWs. If you need to take Excess Withdrawals, you may not receive the full benefit of the GLWB.

If the return on your Covered Fund Value over time is sufficient to generate gains that can sustain constant GAWs, then the GLWB would not have provided any financial gain to you. Conversely, if the return on your Covered Fund Value over time is not sufficient to generate gains that can sustain constant GAWs, then the GLWB would be beneficial to you. You should consider the payment of the Guarantee Benefit Fee (which is in addition to any fee paid for the Covered Fund) relative to the benefits and features of the GLWB, your risk tolerance, and proximity to retirement.

The Covered Funds are managed by an investment adviser affiliated with us, which may have an incentive to manage the funds in a way to reduce volatility of the funds' returns in order to lower the amounts that we have to pay under the Contract. Offering the Contract in connection with your investment in the Covered Funds, therefore, may subject us to a potential conflict of interest. Reducing volatility may have the effect of lowering the returns of the Covered Funds relative to other funds. This may suppress the value of the benefits provided by the Contract because your Benefit Base will reset only when your Covered Fund Value is higher than your Benefit Base. We took into account the Covered Funds' use of strategies to lower volatility when we selected them for use with this Contract. In addition, each of the Covered Funds is a fund of funds, for which you will pay fees at both fund levels, which will reduce your investment return.

As an alternative to electing the GLWB, if you elect to annuitize your Covered Fund Value into a fixed annuity prior to the Settlement Phase, the GLWB will terminate and the Guarantee Benefit Fee will not be refunded. Fixed annuity payments may be less than payments guaranteed by the GLWB, and participation in the Contract may not be appropriate if you plan to annuitize.

You should discuss your investment strategy and risk tolerance with your financial advisor before purchasing the GLWB.

How is the Contract sold?

Empower Financial Services, Inc. serves as a marketing agent for the Contract. Empower Financial Services is registered as a broker-dealer with the Securities and Exchange Commission, as well as with the securities administrators in the states in which it operates, and is a member of the Financial Industry Regulatory Authority ("FINRA"). Empower Financial Services may enter into selling agreements with unaffiliated broker-dealers to sell the Contract. At times, Empower Financial Services may make cash and non-cash payments to selling firms for certain expenses. We do not pay commissions to Empower Financial Services or to the unaffiliated broker-dealers in connection with the sale or solicitation of the Contract. Empower Financial Services and its affiliates may receive payments from affiliates of the selling firms that are unrelated to the sale of the Contract.

Empower Financial Services makes the Contract available through both affiliated and unaffiliated registered representatives who are registered with FINRA and with the states in which they do business. These registered representatives are also licensed as insurance agents in the states in which they do business and are appointed with us. We may provide non-cash compensation in the form of training and education programs to registered representatives of Empower Financial Services who sell the Contract as well as registered representatives of unaffiliated broker-dealers. Registered representatives of Empower Financial Services also sell other insurance products that we offer and may receive certain non-cash items, such as conferences, trips, prizes and awards under non-cash incentive compensation programs pertaining to those products. None of the items are directly attributable to the sale or solicitation of the Contract. Such compensation will not be conditioned upon achievement of a sales target. Finally, we and Empower Financial Services may provide small gifts and occasional entertainment to registered representatives with Empower Financial Services or other selling firms in circumstances in which such items are not preconditioned on achievement of sales targets.

What are the tax and ERISA considerations of electing the GLWB?

The GLWB is novel and innovative. While no definitive determinations have been issued to date, we understand that the Internal Revenue Service and the U.S. Department of Labor may be considering tax and ERISA issues associated with products similar to the GLWB. **Under the circumstances, you should consult your legal counsel or tax advisor on the considerations of including the GLWB in your plan's investment options or electing the GLWB.**

Can I rollover my GLWB to an IRA?

If the Empower SecureFoundation® Group Fixed Deferred Annuity Certificate (or individual contract in certain states) that we issue in connection with IRAs (the "Certificate") has been approved in your state of residence and you are eligible and permitted by the terms of your Retirement Plan documents, you may rollover the proceeds of your tax deferred Retirement Plan, including the GLWB, to your IRA. To preserve the GLWB in your rollover, your IRA provider must offer one or more of the Covered Funds and the Certificate. If your rollover is from a tax-deferred Retirement Plan and you have previously elected the GLWB as part of your investments in your tax-deferred Retirement Plan, your new Benefit Base may be equal to your Benefit Base as it existed under your prior tax-deferred Retirement Plan immediately prior to your rollover. Your new Benefit Base after the rollover to the IRA will equal the Benefit Base you had under your tax-deferred Retirement Plan only if you: (a) invest the rollover or transfer proceeds covered by the GLWB immediately prior to distribution from the tax-deferred Retirement Plan in the Covered Fund(s); (b) invest in a Covered Fund approved by Empower as described in the prospectus for the Certificate, unless the GLWB is in Settlement Phase; and (c) you Request the restoration of the Benefit Base as it existed under your tax-deferred Retirement Plan. To maintain the same Benefit Base, you must be in the same phase (i.e., Accumulation Phase, GAW phase, or Settlement Phase) that you were in at the time of the rollover or transfer after the rollover or transfer is complete. If you do not meet these requirements, a new Benefit Base will be established that is equal to your Covered Fund Value as of the date of the rollover and your Guarantee Benefit fee will be calculated as a percentage of your Covered Fund Value.

Your new Covered Fund Value after the IRA rollover will initially equal the Covered Fund Value as of the date of the rollover. We will calculate your Guarantee Benefit Fee as a specified percentage of your Covered Fund Value. The prospectus for the Certificate contains more information about the Certificate and rollovers.
