225TRADE.ORG

HERE IS HOW IT WORKS

- 1 You sign up with 225 trade group and receive a 225 Trade Gift Card good at hundreds of local service providers.
- 2 You use the gift card on the purchases you would have normally paid cash for during the month with an interest free line of credit. We keep track of all of your spending online through our barter banking portal.
- 3 Our members are notified you are open for trade, using their 225 Trade Gift Card at your restaurant for meals throughout the month.
- 4 We keep track of their purchases through an online banking portal, similar to a regular bank. You have full access to the site to check your balances at all times, allowing you the ability to turn your trading on and off as needed.
